Thanks Patrick,

Yes I am the ORC attorney assigned to this matter. I will sign into the call. Can you send me the Meadowbrook framework so I can look it over, and add me to the meeting invite. If I can get any other background documents or emails on this topic, that'd be helpful too.

Also, Matt, can you give me access to the Sharepoint link/document below.

Many thanks all!  
Sara

Sara L. Laumann • Senior Assistant Regional Counsel • US EPA Region 8 • (303) 312-6443

**Subject:** Coyote Station/ Coyote Creek Mine--common control

All: I scheduled a call next week for Patrick, DJ, Andrea, and me to discuss a source determination request R8 received from North Dakota asking for EPA input on whether a power plant and associated lignite mine are under common control, in light of the new Meadowbrook framework. ND asked for EPA input by 11/17/18.

## Ex. 5 Attorney Client (AC)

Attached is the incoming request, plus a link to a document outlining my initial thoughts, which might be a good starting point for our discussion: [https://usepa-my.sharepoint.com/:w:/r/personal/spangler\\_matthew\\_epa\\_gov/Documents/Common%20Control/individual%20determinations/Coyote%20Creek/Coyote%20Creek%20notes.docx?d=w7f2baec844dc41d89a82018476a817dd&csf=1&e=TxHUvL](https://usepa-my.sharepoint.com/:w:/r/personal/spangler_matthew_epa_gov/Documents/Common%20Control/individual%20determinations/Coyote%20Creek/Coyote%20Creek%20notes.docx?d=w7f2baec844dc41d89a82018476a817dd&csf=1&e=TxHUvL). Region 8 has provided a variety of other documents from the record (Andrea, if you would like to see anything in particular, let us know). And, if anyone wants to discuss in advance of our meeting next week, feel free to give me a call.
